A MILHAS. 2017

"A Milhas" é um conjunto de fotografias tiradas livremente numa tentativa de representar a simplicidade da ligação da amizade, associada ao tempo quente e mar. Inspirada em e dedicada a três amigos britânicos que visitam as terras portuguesas de dois em dois anos de forma a empatar as saudades da distância por duas semanas de cada vez: os Miles. Usou-se da camera DSLR Canon 700D e do Adobe Photoshop como ferramenta de pós-produção.
